 EBME Expo

## WHY EXHIBIT?

Exhibiting at the EBME Expo offers companies the chance to showcase their products and innovations to a wide audience, including healthcare procurement officials and operating theatre managers. It's the perfect platform for UK and international businesses to expand their network, boost brand visibility, and connect with key decision-makers. Don't miss this opportunity to position your company as an industry leader!

## WHO EXHIBITS?

The EBME Expo spanned across 2 halls at the CBS Arena hosting 156 exhibitors, and over 85% of them rebooked onsite for 2025.

Our exhibitors cut across the entire healthcare spectrum and showcase an expansive range of medical equipment, services and solutions including:

- Imaging Equipment
- Anaesthesia
- Laboratory and Diagnostics
- Surgery and Endoscopy
- Patient Monitoring
- Monitors
- ECG
- Consumables
- Asset Management
- Training
- Batteries and Power
- Service and Outsourcing
- IT Solutions
- More...

- Forge new partnerships with NHS trusts and private sector healthcare providers
- Network with key decision-makers, equipment users, tender managers, and procurement professionals from both the NHS and the private healthcare sector.
- Launch new medical equipment and devices
- Generate critical market knowledge and research to learn more about how your product can thrive within the industry
- Showcase Your Innovations to a Targeted Audience
- Gain Strategic Insights into the Healthcare Sector

## 2024 EXHIBITORS INCLUDED...

*"This was my second year attending and once again it offers a vibrant atmosphere in a bustling exhibition hall. There were a wide variety of companies showing off a range of products and the speakers sessions were informative and interesting. I look forward to returning next year."*

Sally Edgington, Axrem

## 2024 SHOW SUMMARY

1706  
Attendees

156 Exhibitors

50+ Leading  
Industry Speakers

6 Industry Lead  
Onsite Workshops

15th Annual  
Event

This year, we were excited to offer four key CPD accredited conferences: the flagship EBME Conference, which showcased the latest in medical equipment and healthcare engineering; the Operating Theatre Conference, which returned for its third year and kept its promise of being a hub of knowledge and innovation; and the Training and Procurement Conferences, which came back for their second year, providing essential insights into healthcare training and procurement strategies.

## MESSAGE FROM DR JOHN SANDHAM, EBME EXPO CHAIRMAN

The 2024 EBME Expo exceeded everyone's expectations.

It was a privilege to chair the 2024 EBME Expo at the Coventry Building Society Arena and engage with our exceptional speakers, delegates, exhibitors and visitors. Over the past few years, we've witnessed the event flourish, uniting experts from Healthcare Technology, Operating Theatres, Procurement, and Training under one roof.

Why this unique blend of disciplines?

Consider a hospital's need for a new surgical microscope. Procurement diligently explores options, informed by surgeons, Operating Department Practitioners and clinical engineers. Once acquired, comprehensive training ensures seamless operation, with clinical engineering overseeing maintenance to prevent critical downtime. This is just one example of how bringing together our multidisciplinary teams drives improvements in efficiency and clinical outcomes in healthcare.

Our Exhibitors are the lifeblood of technological innovation. Their tireless dedication to developing cutting-edge products and services is instrumental in advancing healthcare for the benefit of patients.

I extend my heartfelt gratitude to the BtoB Events team for their exceptional work in delivering the EBME Expo year after year. Their teamwork with the Coventry Arena staff, and the many subcontractors involved was invaluable.

I eagerly anticipate welcoming you all back to the Coventry Building Society Arena on June 25th and 26th, 2025. Please mark your calendars and join us for another inspiring event.

Dr John Sandham  
EBME Expo chairman

# WHO VISITS?

## THE EBME EXPO 2024 SAW OVER 1700 ATTENDEES FROM ACROSS THE UK AND IRELAND.

The EBME Expo stands out among UK medical events due to its focus on medical equipment, encompassing the entire value chain from purchasing to installation, setup, service, and maintenance, with a significant role played by the NHS Supply Chain in facilitating these processes for our audience.

Clinical Engineers

NHS Supply Chain Staff

Consultants

Training Staff

Procurement Specialists

Medical Equipment Managers

Doctors and Nurses

Operating Department Practitioners

EBME Managers

Servicing Managers

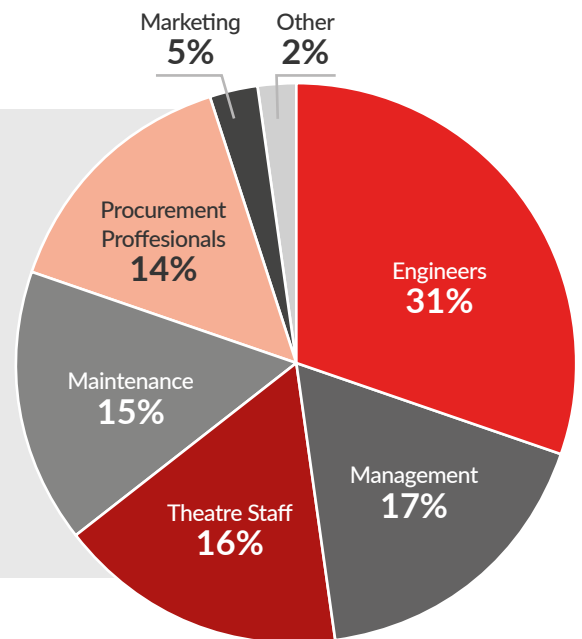

Healthcare Technologists

Inventory Control Analysts

*“One of the UK’s largest Expos in the sector, it is also a great opportunity for us to meet our engineers and we also get to see other suppliers and whats happening in the market and learn our customer experiences, it’s really important to Zoll that we’re here. We get to do lots of networking, it’s been very busy. The EBME Expo is inspiring. It’s great there lots of footfall, lots of customers, lots of inspiring people.”*

Vicky Roberts, Zoll

# WORKSHOPS

The 2024 edition of the EBME Expo hosted the largest number of workshops to date. We would like to say a huge thank you to **GE, Philips, Bowa Medical, Rigel Medical, Calibration House, Mindray UK and BD** for hosting such fantastically planned and executed sessions.

If you are interested to host a one day programme onsite to a guaranteed focused audience of Medical Engineers, ODP’s, NHS Supply Chain Staff and Procurement Managers then contact us on [info@ebme-expo.com](mailto:info@ebme-expo.com).

*“We had a fantastic experience running our workshop at EBME Expo 2024! The diverse group of highly engaged delegates, ranging from students to senior engineers, provided us with an excellent opportunity to connect with a wide audience. The event was a resounding success for us, and we’re excited to return next year for another fruitful workshop.”*

Dani Parsons, BOWA Medical UK

This year's **EBME Expo** was a fantastic opportunity to explore various topics related to clinical engineering, the NHS, and the shift towards greater energy efficiency. I had the chance to attend impactful conferences and workshops over the two-day event. Additionally, I visited exhibition stands and networked with professionals in the field.

A big thank you to **John Sandham** and the organizing team for putting together such a wonderful conference. We look forward to next year's event!

The past 2 days at the 2024 **EBME Expo** were positively amazing! It was a phenomenal experience; allowing me to network, learn, and discuss the future of medical technology!

The workshops about innovation through finance, medical device cybersecurity, electrical safety, and more were fascinating. It leaves no wonder in why the world of biomedical engineering is so vital and will only continue to expand. The knowledge I have gained about various biomedical engineering companies and their products will surely be invaluable to me in the future. Therefore, I would like to greatly thank all the organisers and companies involved in bringing this event to life!

'We've said it before, and we'll say it again: the EBME Expo was a blast! It's always a joy to discuss our integrated solutions with you; delving deeper into your options, looking at specifics, and exploring how we can tailor our solutions for you. Whether you managed to attend or not, here's an overview of what we had on offer.

In the realm of imaging, we showcased our **IMAGE1 S™** Rubina® platform which incorporates 4K, 3D, and Near InfraRed technologies for both open and laparoscopic surgery. It seamlessly integrates into our **SCENARA®** software which digitises patient workflow and postoperative documentation.

**KARL STORZ OR1™** is a fully-integrated operating room based on a bespoke ergonomic design that maximises efficiency, flexibility, and functionality with significant benefits for the patients and users.

If you would like to discuss our solutions, get in touch with your local sales specialist for your **OR1™**, **LEDVISION®**, **SCENARA®** and Imaging system queries, or email the team at the address below.

Another great **EBME Expo 24**. Nice to see our Biomedical engineering trainees now one year in the business and how they have grown in their knowledge and GE culture.

Thank you to everyone that came to our workshop, listened and gave valuable feedback on HTM, BiomedX and Encompass Real Time Locating System. Always a fantastic event to catch up with old friends, colleagues and new members of the team **Francesca Stewart Hozafah Al neami**

**EBME Expo:**  
What a great show! It was an incredible experience meeting with current and future clients from all backgrounds.

Not only were we able to exhibit the brilliant things Modality can offer to our customers, it was also great to learn about all the other amazing products and services others offer.

I also want to give a big Thank You to all the people who took time out of their diary to meet and catch up. If anyone didn't have the chance to come to the show or visit the stand please feel free to reach out and discover how Modality can help you!

Thank you for such an incredible show.

It was an incredible experience at **EBME Expo**

Networking is the backbone of the healthcare industry-fueling collaboration, knowledge sharing, and innovation. Events like EBME Expo spotlight the power of connection, gathering experts to discuss cutting-edge advancements and share invaluable insights.

Together, we're shaping the future of patient care and healthcare services.

# DON'T JUST TAKE OUR WORD FOR IT...

*“Attending the EBME Expo was an enlightening experience that exceeded all my expectations. The variety of cutting-edge medical equipment on display, combined with insightful talks from industry leaders, provided invaluable knowledge and networking opportunities. The event was impeccably organized, offering a seamless experience for all attendees. I highly recommend the EBME Expo to anyone in the biomedical engineering field looking to stay at the forefront of industry advancements.”*

Mohamed Elmansour, Conference Delegate

*“We find the EBME Expo incredibly beneficial as a business as we get to engage with our key customers within the biomedical engineering space. It is amazing, it’s a really worthwhile investment the conversations we have had are super. “*

Huw Harrison, Nihon Kohden

*“Great interaction with the exhibitors and conference speakers. A must attend event for anyone who deals with procurement, training or Clinical Engineering issues in the workplace”*

Terry Timmons, Conference Delegate

*“We’re no stranger to exhibiting at the ebme expo, we’ve done it for a number of years and we will continue to exhibit here as it is a fantastic opportunity to meet existing customers and generate new business opportunities. The quality of leads is high it was a strong turnout and we’ve already signed up for next year! If you are a business that sells into the NHS trusts this is the show for you!”*

Charissa, Newsome, BPR

*“Great event and opportunity to network with other colleagues. After 38 years in the game I still picked up useful info i could take back to the department.”*

Gary Howse, Conference Delegate

*“EBME Expo is an excellent event, very well organised and the ideal opportunity to network with industry leaders”*

Ben Cole, Verathon

*“We’ve been exhibiting for about 15 years, it is a very interesting exhibition to come to you get a strong footfall of visitors interested in your products. It is a major networking exercise for us. By exhibiting at EBME Expo you will be guaranteed to meet the people who maintain the equipment you want to sell to them and they are major influences in the buying decision”*

Cliff Juby, Edan
