EBME Expo

## WHO EXHIBITS?

The EBME Expo spanned across 2 halls at the CBS Arena hosting 171 exhibitors, and over 85% of them rebooked onsite for 2026.

Our exhibitors cut across the entire healthcare spectrum and showcase an expansive range of medical equipment, services and solutions including:

- Imaging Equipment
- Anaesthesia
- Laboratory and Diagnostics
- Surgery and Endoscopy
- Patient Monitoring
- Monitors
- ECG
- Consumables
- Asset Management
- Training
- Batteries and Power
- Service and Outsourcing
- IT Solutions
- More...

*"We were really excited to return to the EBME Expo this year after a short break. It's been a fantastic opportunity to reconnect with the sector, gain valuable insights, and showcase the new innovations we've developed over the past few years. As we work closely with EBME professionals every day, getting direct feedback and networking with other distributors has been incredibly valuable."*

Stacey Taylor, Linet

## WHY EXHIBIT?

Exhibiting at the EBME Expo gives UK and international companies the chance to showcase their innovations to EBME managers, clinical engineers, procurement professionals, perioperative leaders, and healthcare IT specialists. It's the ideal platform to grow your network, increase brand visibility, and connect with key decision-makers across the healthcare sector.

- Forge new partnerships with NHS trusts and private sector healthcare providers
- Network with key decision-makers, equipment users, tender managers, and procurement professionals from both the NHS and the private healthcare sector
- Launch new medical equipment and devices
- Generate critical market knowledge and research to learn more about how your product can thrive within the industry
- Showcase your innovations to a Targeted Audience
- Gain strategic targeted audience insights into the healthcare sector

## 2025 SHOW SUMMARY

**2011**  
Attendees

**171 Exhibitors**

**65+ Leading**  
Industry Speakers

**10 Industry Lead**  
Onsite Workshops

**16th Annual**  
Event

This year, we were proud to present five CPD-accredited conferences, each highlighting a crucial area of healthcare innovation. The flagship EBME Conference remained at the heart of the event, showcasing the latest in medical equipment and clinical engineering. The Operating Theatre Conference returned for its fourth year, continuing to lead conversations around surgical best practice and innovation. Both the Training Conference and the Procurement Conference marked their third editions, delivering focused insights into workforce development and strategic sourcing respectively. New for this year, the Medical Devices Connectivity Conference explored the vital role of interoperability, integration, and connected technology in modern healthcare settings.

## MESSAGE FROM PROF. JOHN SANDHAM DPROF CENG FIHEEM MIET, EBME EXPO CHAIRMAN

### A Heartfelt Thank You from our Chairman, Prof. John Sandham - EBME Expo 2025

Dear Delegates, Exhibitors, Speakers, and Partners,

On behalf of the entire organising committee, I would like to extend our deepest thanks for your invaluable contribution to the success of the EBME Expo 2025.

This year's event was filled with outstanding moments, meaningful discussions, and forward-thinking innovations, all made possible by your collective energy, expertise, and engagement. The EBME Expo 2025 truly reflected the spirit of collaboration that drives excellence in healthcare technology management.

**To our delegates**, your active participation, insightful questions, and engagement in the sessions and exhibition hall were the bedrock of the EBME Expo's success. Your commitment to advancing knowledge and best practices in Healthcare Technology Management is truly commendable.

**To our exhibitors**, your pioneering technologies, engaging displays, and willingness to share insights transformed the exhibition hall into a hub of innovation. You play a vital role in shaping the future of our industry.

To our speakers, your depth of knowledge, clarity of thought, and generosity in sharing your expertise provided the intellectual foundation for the Expo. The quality of your presentations was exceptional, and your impact will be felt far beyond the event.

And to our invaluable **media partners and sponsors**, your unwavering support was crucial in bringing this event to fruition. Your commitment to the EBME community allowed us to

create a platform for learning, networking, and innovation that exceeded all expectations.

A special note of gratitude to our **conference chairpersons** across Procurement, Connectivity, Training, Operating Theatres, and EBME. Your dedication and coordination brought together more than 60 outstanding speakers, ensuring our CPD-accredited programmes were both relevant and expertly delivered. Your behind-the-scenes efforts were central to the event's smooth delivery and success.

The EBME Expo 2025 served not just as a showcase of innovation, but as a vital forum for building connections, solving real-world challenges, and charting the future of medical technology management. The ideas exchanged and relationships formed will have lasting value across our community.

We are already planning future events and look forward to building on this momentum. Your feedback is always welcome as we work to make each EBME Expo even more impactful.

Thank you once again for making EBME Expo 2025 an unforgettable and highly productive event.

Professor John Sandham DProf FIHEEM MIET

Professor John Sandham DProf FIHEEM MIET  
 EBME Expo Chairman

## WHO VISITS?

### THE EBME EXPO 2025 SAW OVER 2000 ATTENDEES FROM ACROSS THE UK AND IRELAND.

The EBME Expo stands out among UK medical events due to its focus on medical equipment, encompassing the entire value chain from purchasing to installation, setup, service, and maintenance, with a significant role played by the NHS Supply Chain in facilitating these processes for our audience.

Clinical Engineers

NHS Supply Chain Staff

Consultants

Training Staff

Procurement Specialists

Medical Equipment Managers

Doctors and Nurses

Perioperative Professionals

EBME Managers

Servicing Managers

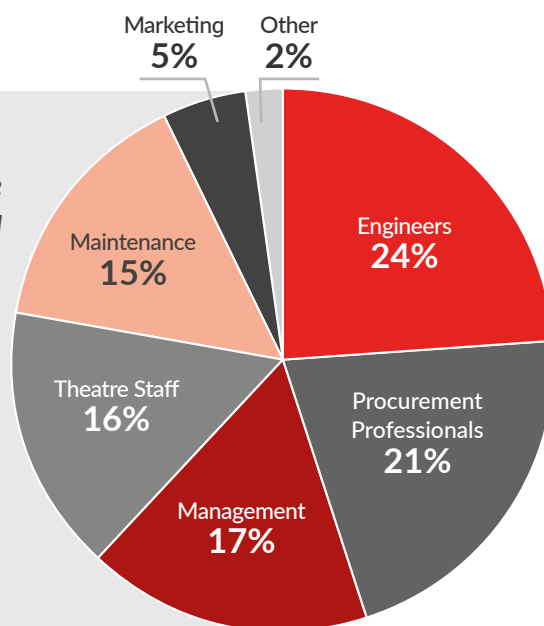

Healthcare Technologists

Inventory Control Analysts

*"We chose to exhibit at EBME Expo because it's one of the UK's leading events for clinical engineers, healthcare technology providers, and decision-makers. As a medical device manufacturer, it's invaluable for us to engage directly with the professionals using our products, showcase our latest innovations, and gather real-world feedback. The turnout has been fantastic – our stand has been busy all day with meaningful conversations around system connectivity and integration. It's an opportunity we've really valued."*

Sonia Tedeku, Mindray

## WORKSHOPS

The 2025 edition of the EBME Expo hosted the largest number of workshops to date. We would like to say a huge thank you to **Drager, GE, Philips, Mindray, Bowa Medical, Modality, Medtronic** and **Masimo** for hosting such fantastically planned and executed sessions.

If you are interested in hosting a one day programme onsite to a guaranteed focused audience of Medical Engineers, Perioperative Professionals, NHS Supply Chain Staff and Procurement Managers then contact us on [info@ebme-expo.com](mailto:info@ebme-expo.com).

Had a fantastic time attending the EBME Expo 2025! It was a great opportunity to finally put faces to names, reconnect with familiar colleagues, and meet so many new people across the healthcare technology space.

Over the two days, I enjoyed a packed schedule of insightful talks and panel discussions covering everything from procurement strategies to medical device lifecycle management. I came away with plenty of valuable takeaways thanks to the expertise shared by NHS professionals, clinical engineers, and leading suppliers in the field.

Big thanks to the organisers for such a well-run event - already looking forward to next year!

Just wrapped up a great visit to **EBME Expo UK 2025!**

It was truly inspiring to explore the latest innovations in medical technology and healthcare engineering. From cutting-edge equipment to meaningful conversations with industry leaders, it's been an incredibly valuable day of learning and connecting.

A big thank you to the companies that took the time to chat with me, it was great meeting you all, and I really appreciated the openness and insights.

Grateful to the organisers and exhibitors for putting together such a well-run and insightful event. Already looking forward to the next one!

Just attended **EBME Expo 2025** in Coventry - and I'm leaving inspired, informed, and more passionate than ever about the future of healthcare technology!

From revolutionary medical devices to AI-powered diagnostics, the innovations on display weren't just impressive - they were reminders of the real-world impact technology can have on patient care.

What a great day at the EBME Expo earlier in the week.

It was very warm on the day but amazing to be surrounded by so much innovation and energy in the room.

It was a great reminder of the impact this sector is having on healthcare.

Thank you to everyone who took the time to speak with me on the day.

I had some great chats throughout the day and walked away with new insights, new relationships and even more motivation to help this sector.

Had an incredible experience attending the **EBME Expo 2025!**

A big shout out to the organisers, speakers, and exhibitors for putting together such a well-rounded event packed with insightful conferences, interactive workshops, and impressive exhibitions showcasing the latest advancements in medical device technology.

It was a brilliant opportunity to connect with like-minded professionals, learn about emerging innovations, and engage in discussions shaping the future of clinical engineering and healthcare services.

A special thanks to **Royal Cornwall Hospitals NHS Trust** for giving me the opportunity to attend and be part of this fantastic event.

Excited to carry this experience forward and stay engaged with the evolving world of healthcare technology!

Yesterday, I ventured out to the **EBME Expo** at the home of Coventry Football Club, the **Coventry Building Society Arena** - a day packed full of insightful conversations, innovative technology, and a strong sense of community within the biomedical engineering field.

It was great to see how the industry continues to evolve, with exciting developments in medical technology & patient care solutions.

A big thank you to the exhibitors and speakers who made the day so valuable. Looking forward to applying some of the insights I gained within the asset finance industry and continuing the conversations that started yesterday.

Thank you, **EBME Expo** team, for an outstanding event and for the opportunity to connect with so many passionate professionals across clinical engineering and healthcare innovation.

We're proud to support **EBME Expo** as a Gold Sponsor and to share our vision for safer, smarter, and more connected care.

Here's to continued collaboration and shaping the future of healthcare together.

Attending **EBME Expo 2025** - A Valuable Experience!

I had the privilege of attending this year's EBME Expo, an event that brings together the best in clinical engineering and healthcare technology. From innovative equipment showcases to thought-provoking workshops and conferences, it was an enriching experience all around.

**Thanvi B.** • 2nd

Although I'm posting a bit late, attending the EBME Expo was undoubtedly one of the highlights of my Clinical Engineering internship so far!

It was amazing to see how medical technology is advancing and how closely our hospital work connects with the innovations being showcased. Spotting equipment I've worked on and learning more about where the field is headed really put things into perspective.

Keeping one step ahead...

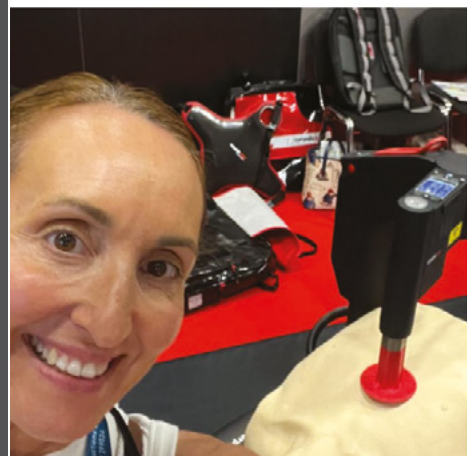

Chloe recently visited the **EBME Expo** in Coventry, and it was the perfect opportunity to stay ahead of the game and see what's happening in the healthcare world.

The show was packed with new products and ideas. And it was reassuring to see that many of the items on display are already part of our existing prop catalogue, confirming that we're offering authentic, up-to-date equipment for productions.

What was really exciting was getting a look at products so new that many hospitals haven't even introduced them yet! It's invaluable for us to know what's coming onto the market, helping us stay ahead of the curve and ensure our props remain as current and realistic as possible.

If you need the latest medical props for your production, we're here to help!

Thank you **EBME Expo 2025** for a fantastic exhibition.

Our team on the ground showcased how our enterprise-grade networking and communication solutions enable **#SmartHospitals**.

We also enjoyed valuable conversations with industry experts about the latest innovations in healthcare technology.

We're excited to continue driving innovation in this space.
