A THANK YOU FROM OUR CHAIRMAN

Dear Delegates, Exhibitors, Speakers, Sponsors, Media Partners, and Colleagues,

On behalf of the EBME Expo organising committee, I would like to extend my sincere thanks to everyone who contributed to the success of EBME Expo 2026 at the Coventry Building Society Arena.

Held on the 24th and 25th of June 2026, this year's event brought together an outstanding community of healthcare technology professionals, clinical engineers, procurement specialists, operating theatre teams, connectivity experts, trainers, suppliers, and industry partners. The energy, expertise, and engagement across both days demonstrated once again why EBME Expo remains such an important independent platform for the healthcare technology management sector.

This year's theme, "The Intelligent Hospital", gave us the opportunity to explore how people, medical technology, data, infrastructure, training, procurement, and governance must work together to support safer, smarter, and more efficient healthcare. The discussions across the exhibition and our CPD-accredited conference streams showed that the future of healthcare technology will depend not only on innovation, but on collaboration, professional competence, and strong implementation.

To our delegates: thank you for your active participation, thoughtful questions, and engagement throughout the conference sessions and exhibition hall. Your commitment to advancing knowledge, sharing experience, and improving practice remains the foundation of EBME Expo's continued success.

To our exhibitors: thank you for bringing innovation, technical expertise, and practical solutions to the event. The exhibition hall once again became a valuable space for discussion, demonstration, and collaboration, helping delegates understand how emerging technologies can be safely and effectively applied in healthcare environments.

To our speakers and conference chairpersons: thank you for your preparation, insight, and professionalism. Your contributions across the CPD-accredited programmes provided the educational depth that makes EBME Expo such a valuable event for the sector.

To our sponsors, media partners, and supporters: thank you for your continued commitment to the EBME community. Your support enables us to provide a platform for learning, networking, innovation, and professional development.

EBME Expo 2026 was not simply a showcase of products and technology. It was a forum for addressing real-world healthcare challenges, building professional relationships, and shaping the future of medical technology management. The ideas exchanged and the connections formed over these two days will continue to have value across our community.

We are already looking ahead to the next event and will continue working to make EBME Expo even more relevant, practical, and impactful for delegates, exhibitors, speakers, and partners.

Thank you once again for making EBME Expo 2026 such a successful and productive event. I look forward to welcoming you back to EBME Expo 2027, which will take place at the Coventry Building Society Arena on Wednesday 23rd and Thursday 24th June 2027.

Professor John Sandham
DProf FIHEEM MIET
EBME Expo Chairman

WHY EXHIBIT?

With **£64 billion** being invested through the **NHS New Hospitals Programme**, exhibiting at the EBME Expo is a clear way to position your solutions in upcoming hospital projects and procurement pipelines.

Build relationships with **biomedical engineers, procurement managers, NHS Supply Chain buyers, and clinical teams equipping hospital facilities.**

Fast-track your route into the UK market by meeting distributors who already hold **NHS Supply Chain framework positions, skipping years of tendering to get straight onto hospital shelves.**

Cover all **four UK healthcare procurement systems** in a single visit, connecting with **distributors across NHS Supply Chain (England), NWSSP (Wales), NSS (Scotland), and BSO PaLS (Northern Ireland).**

Engage with the teams who buy, install and use medical devices, **ensuring your solutions meet real-world clinical and performance needs.**

Pre-schedule meetings with decision makers from **NHS trusts, private hospitals, wholesalers, and distributors via the EBME Expo app.**

WORKSHOPS

The 2026 edition of the EBME Expo hosted the largest number of workshops to date. We want to say a huge thank you to **Dräger, GE Healthcare, Mindray, Modality, Penlon and GCE Medical** for hosting such fantastically planned and executed sessions.

Brands that hosted a workshop generated 63% more quality leads than those that didn't.

REGIONAL COVERAGE

EBME EXPO 2026 DREW OVER 2,500 ATTENDEES FROM ACROSS THE UK

Decision-makers from **165 NHS trusts and private hospitals** came through the doors, from **procurement leads to clinical engineers to theatre teams**, all gathered under one roof.

Two days of sourcing. 165 hospitals. One venue.

"We chose to exhibit at EBME Expo because it's one of the UK's leading events for clinical engineers, healthcare technology providers, and decision-makers. The turnout has been fantastic; our stand has been busy all day with meaningful conversations around system connectivity and integration. It's an opportunity we've really valued."

WHAT EXHIBITORS SAY

DON'T JUST TAKE OUR WORD FOR IT...

"EBME 2026 has exceeded our expectations with a high quality of relevant leads visiting our stand. The show also gave us an opportunity to network with other suppliers, with a view to expanding our offering and collaborating on projects."

Stephen Back, ImageX Medical Ltd

stryker

"EBME Expo was a fantastic event for Stryker. We had a brilliant experience, generated high quality leads, and strengthened relationships with both existing and new customers..."

"...The event provided an excellent platform for meaningful conversations and valuable connections across the healthcare technology community"

Charlie-Jayne Watts, Stryker

WHAT OUR DELEGATES SAY

"EBME Expo brings the right suppliers together in one place and makes the day easy to justify. For anyone in category management, it's an efficient way to see the market and have the conversations that matter."

Head of Category, NHS Supply Chain

"First time at the EBME EXPO and it was really good. Lots of new and exciting tech, great interaction with the reps, good variety to choose from. An overall well done experience."

**Theatre Team Leader,
Heartlands Hospital**

"The EBME Expo has established itself as the premier event for medical devices. From someone starting out in their career to experienced leaders in the sector, there is something for everyone. "

**Specialist Clinical Engineer,
The Rotherham NHS Foundation Trust**
